

S1316- MBO STUDY

June 8th, 2017

In this issue:

- Accrual Update
- Welcome New Sites
- Open Sites
- Tracking Log
- Late Registrations
- On-call Weekend Coordinator
- Coordinators Call
- Study Information

Welcome to the MBO Study quarterly newsletter. Our research team has created this newsletter to provide you with the latest news about this study. If you would like to contribute to the newsletter send your comments or questions to Octavio Bojorquez at obojoqrqu@email.arizona.edu.

Study Accrual through June 7th, 2017

Accrual by Site				
Site Name	N Randomized	N Patient Choice	N Total	% Total
TOTAL ACCRUAL	1	82	83	100
University of Kansas Cancer Center	0	12	12	14
University of Tennessee	0	12	12	14
Northwell Health	0	11	11	13
University of Arizona Medical Center - Univ Campus	0	9	9	11
Duke University Medical Center	0	7	7	8
University of Michigan Comprehensive Cancer Center	1	5	6	7
City of Hope National Medical Center	0	5	5	6
Medical Univ of South Carolina MU-NCORP	0	5	5	6
University of Arkansas for Medical Sciences	0	5	5	6
University of Oklahoma Health Sciences Center	0	5	5	6
Baylor University Medical Center	0	2	2	2
Columbia University Minority Underserved NCORP	0	1	1	1
Froedtert and the Medical College of Wisconsin	0	1	1	1
MD Anderson Cancer Center	0	1	1	1
Rhode Island Hospital	0	1	1	1

★ Congratulations to the sites that have accrued 5 or more participants

Welcome New Sites

MOFFITT Cancer Center

Tracking Log

S1316 Patient Accrual Tracking Log to keep track of all potential patients. Please send the log to our team *once a month*. The log is available at the SWOG study webpage or you can request one from Octavio Bojorquez.

Investigator									
Participant Site									
Row	Month	Patient initials (redact for submission to S1316 team)	Confirmed MBO patient? (Y/N)	When was patient admitted? (regular hours, after hours, week-end, holiday)	Was patient ever considered for study participation? (if not, list reason why not considered)	Was the patient ever approached for study participation? (If not, list reason why not approached)	Was the patient eligible for study participation? (If not, list the reason why not eligible)	Was the patient willing to participate (if not, list reason why not willing)	Was the patient registered? (if not, list reason why not registered)

SITE REMINDERS

Late registrations, defined as registrations after initiation of treatment, will not be accepted. This means that even if a patient has signed consent to participate in S1316, he or she must be registered before initiation of surgical or non-surgical treatment. These steps may all occur on the same day but the correct order must be maintained: consent → registration → treatment. See protocol Section 13.0 and SWOG Policy 12.

Due to surgical scheduling, site CRAs and Nurse Coordinators should plan for, train, and designate back-up staff to perform registrations (including verification/confirmation of eligibility, if not done prior) in the event the primary S1316 coordinator is unavailable.

These back up registrars should be identified to S1316 registering physicians so that enrollments in OPEN can be performed when consent is obtained for S1316. This makes certain that the registration piece is not person dependent and will help ensure that consented patients do not miss the registration window due to receiving treatment before enrollment.

Contact cancercontrolquestion@crab.org with questions.

On-Call Weekend Coordinator

Funds are available for staff to be on-call on a weekend during normal working hours to assist with patient accrual. The study can provide a small stipend of \$80/day; \$160/weekend, and an additional \$200 if it is necessary to come in to register a patient. If you would like to use these funds or would like more information, please contact Octavio Bojorquez.

Coordinators Call

We have a monthly (30-60 minute) teleconference for coordinators from open and planning-to-open study sites to discuss study issues with the research team. Our next call will be June the 14th, 1:00 P.M. ET, 12:00 P.M. CT, and 10:00 A.M. PT. The number to call is 1-855-295-4424. Conference code is 6221480#.

STUDY INFORMATION

Study information is available at <http://swog.org> and CTSU at <https://www.ctsu.org>. Have suggestions for our newsletter? Send your comments or suggestions to Octavio at oboiorqu@email.arizona.edu.

Have a question for the Study Coordinator Dr. Robert S. Krouse? You can call his cell phone at (520) 631-5642 or Virginia Sun PhD., RN cell phone at (626) 257-4717.

Please use cancercontrolquestion@crab.org for S1316 questions related to study forms or data submission.
